

REGISTRATION FEE

Rs. 2500/- per person (Includes FDP kit with Study Materials in Pen drive, Breakfast, Lunch, Refreshments, Dinner and Local Sightseeing)

ACCOMMODATION

Rs. 350/- per person per day (Room will be provided on two sharing basis)

Participants have to pay the accommodation fees along with registration fees if needed.

REGISTRATION

The duly filled in form can be submitted to the designated email along with payment receipt on or before 22-06-2019. The application form for FDP-RAM '19 can be downloaded from our website (www.nitpy.ac.in). Participants are limited to 50 nos.

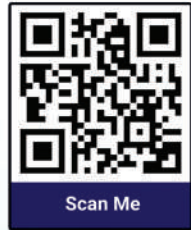

BANK A/C DETAILS

A/C No.: 37854338444
A/C Name: NITPY Workshop / Conference
IFSC Code: SBIN0070848
A/C Type: Current Account
Bank Name: State Bank of India
Branch: NITPY Branch, Karaikal

Faculty Development Programme on Recent Advances in Mechanical Engineering

FDP-RAM '19

24th - 28th June, 2019

Convener

Dr. Sendhil Kumar Natarajan
Assistant Professor & Head

Co-ordinators

Dr. N.M. Sivaram
Dr. M V A Raju Bahubalendruni
Dr. Johnney Mertens A
Dr. Vadivukkarasan M
Dr. Narendran Rajagopalan

Organized by

DEPARTMENT OF MECHANICAL ENGINEERING
NATIONAL INSTITUTE OF TECHNOLOGY PUDUCHERRY
Thiruvettakudy, Karaikal - 609 609

(An Institution of National Importance under MHRD, Govt. of India.)

Objective of the Programme

Keeping all the factors in mind a five days FDP is designed on Recent Advances in Mechanical Engineering to impart knowledge and scientific advancements in various domains of Mechanical Engineering.

NIT Puducherry, Karaikal

National Institute of Technology, Puducherry (NIT-PY) situated in 258 acres near village Poovam in Thiruvettakudy, Karaikal, is one of the thirty one National Institutes of Technology. NIT Puducherry was sanctioned by the Government of India in 2009, as part of the Eleventh Five-Year Plan (2007–2012).

Notwithstanding the tender age, NIT-PY is committed to produce effective and responsible technocrats who have the ability to serve the nation on its journey to growth and prosperity. In this process, students have been admitted from the academic year 2010-11 onwards through JEE Mains with 50% of seats reserved for the candidates having residence/native at Puducherry, Karaikal, Mahe, Yanam and the remaining 50% seats are filled on all India basis. The institute provides keen guidance in terms of experienced and expert faculties as well as facilities to sculpt the bright minds into professionally balanced individuals, capable enough to take up challenges of nature, of society and of the marketplace. Presently, 38 faculty members along with 36 non-teaching staffs are employed for an overall strength of 586 students.

About Department

Department of Mechanical Engineering was established in July 2014 with an undergraduate (B.Tech) Program. At present, the department also offers Ph. D programme. Dedicated faculty members with expertise in diverse domains of Mechanical Engineering such as Computer Aided Design, Ergonomics, Industrial Safety, Power Plant Structural Analysis, Natural Fibre Composites, Energy Engineering, Renewable Energy, Internal Combustion Engines, Thermal Engineering, Fluid Mechanics, which contributes to the department knowledge hub. Likewise, the non-teaching staffs are sound in technical skills and help to strengthen the student's theoretical understanding through lab practices.

Speakers

Dr. K. Sankaranarayananasamy

Dr. N. Sendhil Kumar

Dr. N.M. Sivaram

Dr. M V A Raju Bahubalendruni

Dr. Johnney Mertens A

Dr. Vadivukkarasan M

Dr. Narendran Rajagopalan

Topics

Recent Advances in

- Applications of Solar Energy
- Gear Design
- Industrial Safety
- Robotics and Automation
- Theoretical and Experimental Fluid Mechanics
- Artificial Intelligence
- Developments in Materials

Local Visit

Dutch Fort

Velankanni Church
