SUMMER INTERNSHIP PROGRAMME - 2017

The **NIT Puducherry - Summer Internship Programme** aims to build strong ties with the academic institutions. The program strives to bring together the students and the faculty from prestigious institutions across the country in our campus. This programme also allows the interns to participate in on-going funded/sponsored projects, undergo mentorship by NIT Puducherry faculty and develop close partnerships and collaborations between respective institutions. Students selected from eligible applicants, will get the opportunity to work on research mini-projects under the mentorship of NITPy faculty during the coming summer vacation (**01st June, 2017 – 30th June 2017**).

Eligibility

Students who are presently completing the third year (or sixth semester) B.Tech./ B.E., and students completing the first year (or second semester) of M.Tech./ M.E./ M.Sc./ MCA are eligible to apply.

Selection Criteria

Selection of interns will be made by respective departments based on academic performance in university examinations, paper presentations at conferences/workshops, projects executed, design contests participated, and other awards/ distinctions obtained.

Facilities

Interns will be provided access to Central Library, Internet Access (Wifi), and Computing Center during the Internship Period. Limited accommodation facility available in NITPY hostels.

Procedure to Apply

Students interested are required to send a *Research/Project proposal* in the areas of interest along with the *scanned copy of the signed application form (Annexure II)* and necessary *enclosures* by e-mail to the concerned department HoD's (HoD email details are provided as Annexure I). Research/project proposal (maximum one page) should contain a detailed description of the research problem that the student wishes to work on, along with a brief introduction to the problem, the proposed work plan, and the expected outcome of the project work.

Allotment of Faculty Mentor

A *faculty-mentor* will be allotted to each student selected from the relevant department. After finalizing the area of study in consultation with the *faculty mentor* each student is required to submit an **initial report** (of 1-2 pages) containing introduction to the project topic, the work-plan for the research work and the expected outcome of the project to the concerned HoD.

Contd. ... (2)

Completion of Internship Programme

On completion of the internship program (30 days mandatory), each student is required to submit a *detailed technical report* (of 10-20 pages), containing description of the research problem, literature survey, details of the methodology adopted, details of the experiments carried out, list of items procured for the project and the findings/conclusions of the study. The intern is also required to present his work through a seminar/presentation in the department, which will form the basis for assessment of the project work. On successful completion of the project, the intern will be awarded a commendation certificate by NIT Puducherry.

Internship offering Departments and areas of interest:

1. Engineering Departments

- Computer Science and Engineering
 - Network, Security, Internet of Things (IoT), Image Processing, Data Analytics, Data Mining, Dimensionality Reduction, Deep Learning
- Electronics & Communication Engineering
 - Bio Medical Signal and Image Processing
- Electrical and Electronics Engineering
 - Instrumentation system design and control system design
- Civil Engineering
 - Structural Engineering

2. Science Departments

- Mathematics
 - Bio mathematics, Production inventory, optimization

Last date of receipt of applications (through e-mail)	10 th May 2017
Announcement of Selected Students (through e-mail)	15 th May 2017
